ONE PROMPT · TWO MODELS · ONE TRY EACH

The prompt behind *both websites*

The exact prompt I gave Opus 5.5 and Fable 5.2, what each one built from it, and how to run the same test yourself.

THE ANSWER

Which one was *Fable?*

Same prompt, Claude Code, one try each, no fixes. Here's who built what.

Opus 5.5, by itself (no skills): the cream, editorial one. 5.2 min.

Fable 5.2, with my /awwwards design skill: the dark moon one. 8.4 min.

ABOUT /AWWWARDS

It's a design skill I wrote for myself in Claude Code. Fable chose to use it on its own. For Opus, I blocked skills, so it worked with the prompt alone. You can't install mine, but any skill of yours works the same way.

THE PROMPT

The prompt behind *both*

Word for word what both models got. Nothing else.

COPY THIS PROMPT

```
Build a website for my design studio, Halfmoon Studio. We're a
3-person studio in Pune that designs brands and websites for
small businesses.

One page with:
- a hero with our name and one line about what we do
- 6 selected projects in a grid (make the project images yourself
with CSS or SVG, no stock photos)
- our services, with prices starting at ₹25,000
- a short about section with the team
- a contact form

Make it look like a real studio's website: a strong layout,
smooth scroll animations, and real copy (no lorem ipsum). It must
work on a phone too.

Use plain HTML, CSS and JavaScript in this folder. No build step
and no libraries, except Google Fonts. When it's done, open
index.html in my browser.
```

SITE 1

What Opus built *by itself*

Four of its six projects, artwork drawn in code (no stock photos).

HERO	Big serif "Halfmoon *Studio*", a half-moon mark, a live Pune clock
6 PROJECTS	Kesar & Co., Tekdi Coffee Roasters, Lakdi Furniture Works, Smile Lane Dental, Monsoon Books, Sahyadri Trails
SERVICES	Brand identity from ₹25,000 · Website ₹45,000 · Brand + website ₹65,000
RUN	5.2 min · $1.51 at API prices

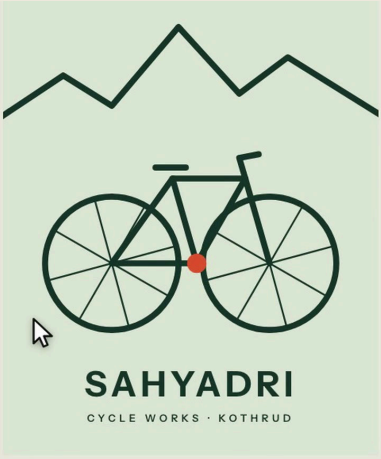

SITE 2

What Fable built *with my skill*

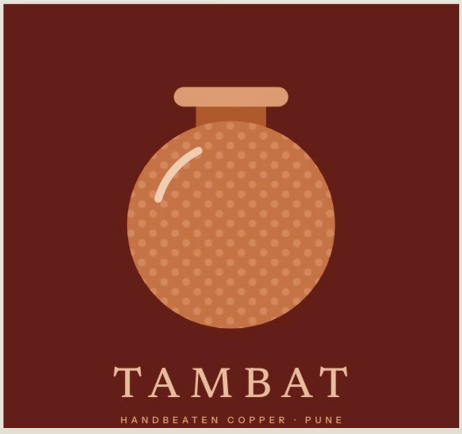

Kaapi Katta Brand identity, 2026

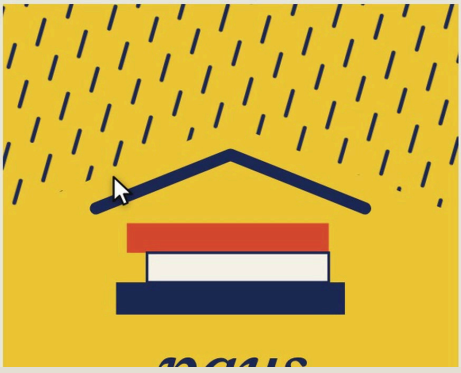

A name, an identity and hand-painted menu boards for a filter appointments booked over WhatsApp.

Sahyadri Cycle Works Identity and website, 2025

A new mark and a service booking site for a neighbourhood studio in Koregaon Park.

Four of its six projects, artwork drawn in code too.

HERO	A giant half-lit moon behind "Halfmoon" on black
6 PROJECTS	Kaapi Katta, Sahyadri Cycle Works, Ovi Dental Care, Mogra, Tambat, Paus Books
SERVICES	One-page website from ₹25,000 · Brand identity ₹45,000 · Full website ₹70,000 · Brand and website together ₹1,05,000
RUN	8.4 min · $3.70 at API prices

SIDE BY SIDE

Both got the *brief right*

	Opus 5.5 · Fable 5.2
LOOK	Cream, editorial serif · Dark, bold sans
PROJECT ART	All six drawn · All six drawn
PRICES	From ₹25,000, 3 packages · From ₹25,000, 4 packages
TIME	5.2 min · 8.4 min
COST (API PRICES)	$1.51 · $3.70
PRICE PER MILLION TOKENS	$4 / $20 · $8 / $40

Costs are Claude Code's own session total at API list prices: an estimate, not my plan bill.

THE QUESTION

Which one would you pay *double* for?

Fable costs exactly 2× Opus per token. Anthropic itself suggests Opus 5.5 for most work and Fable for "the most ambitious, open-ended technical work".

YOUR TURN

Run the *same test*

1 Update Claude Code

Fable 5.2 needs **version 2.1.321 or later** (`claude --version`). How models work in Claude Code: code.claude.com.

2 Two empty folders

Make one folder per model, so neither sees the other's site.

3 Opus in the first

Open Claude Code there, type `/model opus` , paste the prompt. One try: don't fix anything.

4 Fable in the second

Type `/model fable` , paste the same prompt. Again, one try.

5 Compare

Open both `index.html` files, on your laptop and your phone. Type `/usage` in each session to see its cost at API prices.

KEEP IT FAIR

Skills change the result. Run both without skills, or give both the same one. On Pro, Fable is included only until **16 Nov 2026, 11:59 pm PT**; after that it runs on paid usage credits. Prices and plans: anthropic.com/claude/fable.

Now build *your own*

One prompt, two models, and your own verdict.
